Personal Webpage Migration Guide

Personal webpage will be migrated to the web server hosted by Academia Sinica ITs (a.k.a. ASCC) for better security and management. Please follow the instructions below to copy your personal webpages to the new host (idv.sinica.edu.tw) at your earliest convenience. The personal webpage service on IAA web server will stop after **Jan 31, 2018**.

Alternatively, you can create your personal webpage on Google Sites (<http://sites.google.com/new>), if you prefer the WYSIWYG (What You See Is What You Get) interface provided by Google (instructions (<https://gsuite.google.com/learning-center/products/sites/get-started/>)). The URL will be <https://sites.google.com/asiasa.sinica.edu.tw/PageNamedByYou/>

Schedule of Migration

- | | |
|------------------------------------|---|
| Now ~ Jan 31, 2018 | Set up your personal homepage (idv.sinica OR Google Sites) |
| Now ~ Jan 31, 2018 | Input the new URL on your ASIAA standard CV page (https://www.asiasa.sinica.edu.tw/internal_site/member/edit_cv.php). |
| Jan 31, 2018 | cchelp will disable the access to your /asiasa/home/ on IAA's web server (www). |
| Jan 31, 2018 ~ Dec 31, 2020 | cchelp will maintain redirect service to the new URL that you added on your ASIAA standard CV page. |

FROM:

www.asiasa.sinica.edu.tw/~cflee

TO: *(the new URL on ASIAA standard CV page)*

<http://idv.sinica.edu.tw/yourSSOaccount> OR

<https://sites.google.com/asiasa.sinica.edu.tw/PageNamedByYou/>

Test ASCC's web server by Computing Committee	Discuss with Heavy Users by CCHelp	Announce to IAA by Computing Chair	Move to idv.sinica (ASCC's web server) by IAA Members	Add new URLs on ASIAA standard CV page (./member/edit_cv.php) by IAA Members	Disable the access to www after 2018/1/31 by CCHelp
---	------------------------------------	------------------------------------	--	--	--

Academia Sinica's personal webpage service - [idv.sinica](http://idv.sinica.edu.tw)

Academia Sinica provides a personal web page service, which is assigned to anyone who has Sinica SSO (<https://sso.sinica.edu.tw/>) (= gate e-mail account). The username is your Sinica SSO account, the password is the same as well. (reset SSO password (https://sso.sinica.edu.tw/index_sso.php?t=33))

The URL of your personal web is <http://idv.sinica.edu.tw/yourSSOaccount>

1. The storage space limit is 500MB.
2. Only static html pages are allowed.
3. Using sftp or scp to upload/download files. (No SSH login)
4. Using Big5 charset filename.

Use **rsync** command to transfer files from IAA web server to Academia Sinica's personal webpage service

- ssh login to www.asiasa.sinica.edu.tw
- change directory to your home directory if necessary:
`cd /asiasa/home/cflee`
- run this command to list your usage in your IAA webserver.
`du -chs *`
Please note that the top limit is 500MB on Academia Sinica's personal webpage service
- transfer a single file
`rsync -avP [file_name] [yourSSOaccount]@idv.sinica.edu.tw:public_html/`
- transfer a single folder
`rsync -avP [folder_name] [yourSSOaccount]@idv.sinica.edu.tw:public_html/`
- transfer all files:
`rsync -avrpP * [yourSSOaccount]@idv.sinica.edu.tw:public_html/`

Upload personal webpages to Academia Sinica's personal webpage service via **SFTP**

- Download and install applications that support secure protocols for file transfer
 - WinSCP (<http://winscp.net/>) or FileZilla (<http://filezilla-project.org/>)
- Upload your web pages via "sftp" method to the **public_html** directory
 - **Server IP/ Host Name:** idv.sinica.edu.tw
 - **Username/Password:** your SSO (<https://sso.sinica.edu.tw/>) account/password provided by Academia Sinica ITs
 - **URL:** <http://idv.sinica.edu.tw/yourSSOaccount>
- Step by step guide in Chinese (The screenshots is helpful for English users to go through each step.)
 - WinScp users (<https://www.ascc.sinica.edu.tw/#/serviceGuides/article/275>) | FileZilla users (<https://www.ascc.sinica.edu.tw/#/serviceGuides/article/276>)
- If you have problem, please contact cchelp@asiaa.sinica.edu.tw

FAQ

I have added the new URL to my ASIAA standard CV (<http://www.asiaa.sinica.edu.tw/people/cv.php?i=cfllee>). But my IAA personal webpage (<http://www.asiaa.sinica.edu.tw/~cfllee>) was not redirected to the new page.

The redirect service will be implemented after Jan 31, 2018.

However, you are encouraged to share your new URL from now on.

Do I have to set up my personal webpage?

It's not a requirement. You can opt to use the ASIAA standard CV (<http://www.asiaa.sinica.edu.tw/people/cv.php?i=cfllee>) solely. edit your ASIAA standard CV page (https://www.asiaa.sinica.edu.tw/internal_site/member/edit_cv.php) (web interface)

Do I need to post my personal webpage on ASIAA Standard CV?

It's optional.

I am not updating my personal webpage anymore. Do I need to copy my files to idv.sinica?

It's optional. But you won't be able to access those files on IAA's server after Jan 31, 2018.

500MB is not enough to store my files...

If you need a larger storage for archiving or sharing, please use

Myspace (<https://myspace.sinica.edu.tw/>) - A cloud storage (15GB) provided by Academia Sinica ITs.

Google Drive (<https://support.google.com/drive/#topic=14940>)- IAA-Gmail account provides unlimited storage.

By request, cchelp will provide consultation and help to move your personal webpages to the new host (idv.sinica).

If you have special requests, e.g. need to run scripts on a web server for research...etc, please email cchelp (<mailto:cchelp@asiaa.sinica.edu.tw>).

Comparison

	Now	Future
URL	http://www.asiaa.sinica.edu.tw/~cfllee	http://idv.sinica.edu.tw/yourSSOaccount
Host	www.asiaa.sinica.edu.tw	idv.sinica.edu.tw
Account	IAA Working Account	Academia Sinica SSO Account
SSH login	Yes security holes	No
Storage	not strictly enforced misused as a storage server	500MB
Scripts	php, perl, cgi etc... security holes	Static webpages (HTML, CSS, Javascript)
